CMRA Championship Endurance Series - Round 2 of 6 - Texas World Speedway
College Station Texas - April 18, 1998 - by Charles Brothers

CROTCH ROCKET II SURVIVES EIGHT HOUR

After seven hours, a change of weather, 26 crashes, and 18 lead changes among 7 different leaders, round two of the CMRA's Endurance Series boiled down to a two horse race. In the end, the 1-800 Crotch Rocket team, which had stacked the deck with two entries, came home a winner when their "B" Team - a Suzuki GSXR600 - held off G-Man's F3 Honda for a narrow 39 second win in one of the most wide open and unpredictable races since the end of the Northwest Honda era. Finishing well in third place was another mid-size machine, a Kawasaki ZX6R belonging to S&J Racing.

The day began with intermittent light rain and another long line in registration.

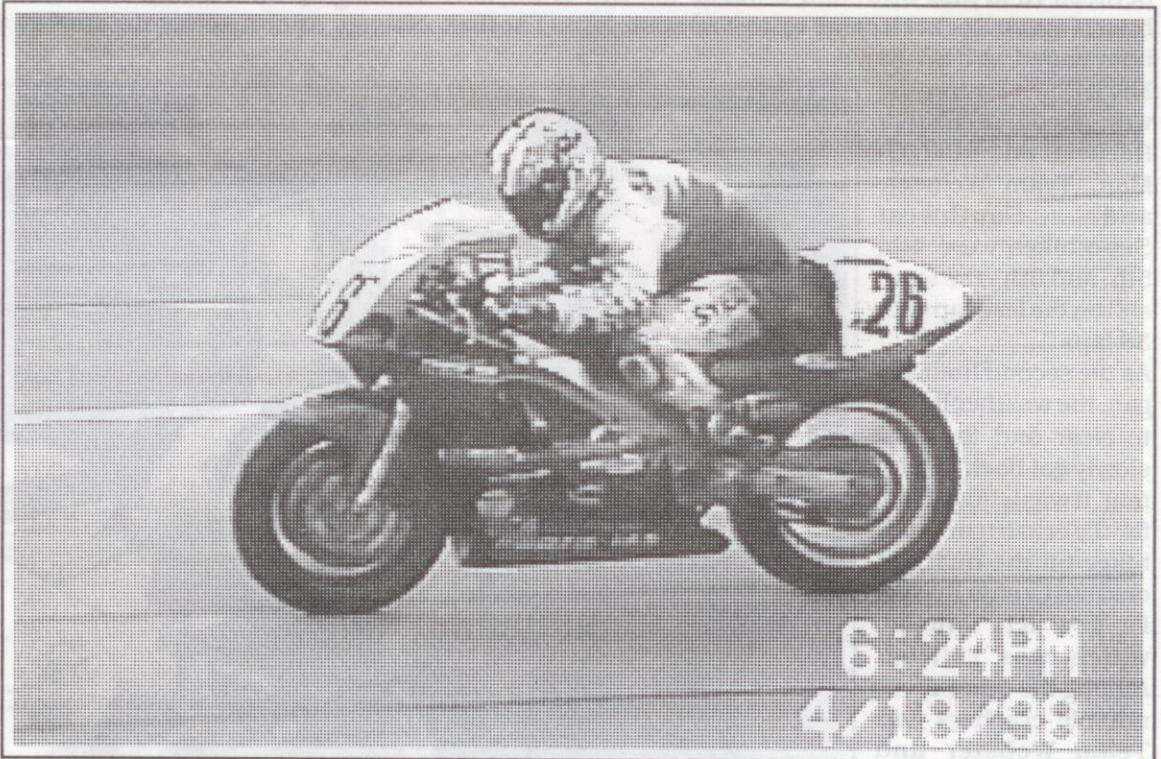

Thirty nine teams had pre-entered the race and the 50+ grid was full before practice even opened. According to most weather reports, it was supposed to clear up, but by race time the track was still wet as three waves of motorcycles prepared for the start.

The show began at 11:02 with Pete Martins leading the way on the RPM Racing Suzuki. Team Webster was second, followed by Mark Black on the S&J Kawasaki and Marcus McBain on the Noble Knights Honda. The race looked normal on the front

straight, but in the infield it looked more like a slow motion ballet as riders proceeded cautiously on the wet track, hanging off out of habit even at slight lean angles.

RPM led the next lap also, but Crotch Rocket's main entry - a new Yamaha 1000R1 ridden by Butch Lawrason- came up to lead lap 2 and 3. A not-as-wet line was beginning to emerge and RPM picked up the pace on lap 5 while Crotch Rocket I began to fall back. Meanwhile Marcus McBain's Michelin street compound tires were working well and he put the Noble Knights into the lead on lap 11, only to crash

Rodney Smith brought home the victory for Crotch Rocket II.

CROTCH ROCKET...

Continued from Page 1

to lead the race. "We're running the mild motor this time," said team owner Francis McGee. "It's good for about 140hp."

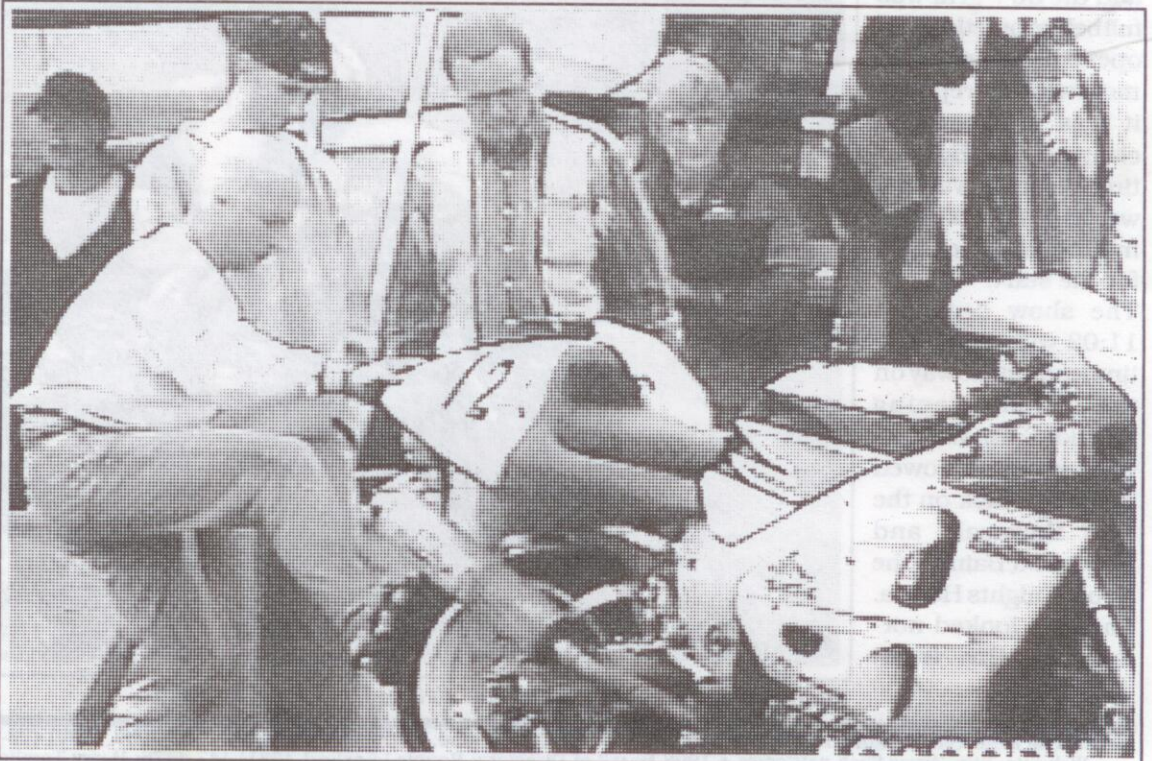

Whatever it was, it was working well along with endurance veterans such as ex-Team Scream rider Craig Gleason along with ex-Sharkskinz riders Mike Steinman, and Bart Goddard. The hour ended with only S&J still on the lead lap, ahead of G-Man and Crotch Rocket II. The "Dream Team" - Team K&N Yamaha - were up to fifth place after late arriving race bikes had caused them to miss all of practice. Things quieted down and there were no crashers in the third hour. McGee extended their lead to 3 laps over G-Man while Crotch Rocket II held third and

RPM's Pete Martins and S&J's Mark Black duel for the lead early in the 8 hour.

a lap later trying to pass traffic off line, which was still wet. K&N moved up to fourth. Houston Kawasaki was steadily improving, moving from 14th to 9th, and then to 5th. Also coming up after a slow start were the rookies from Pulp Racing. After missing the start of the race and then a too-

hour ended with S&J's Mark Black leading the way ahead of Crotch Rocket II and RPM. G-Man, Team Webster, and Southwest Superbikes were 4th, 5th, and 6th - the top 6 still on the lead lap with 38 laps.

As the second hour began, the weather began to clear and the race slowly got back to normal. It was a busy hour for the crash truck as 8 bikes bit the dust, including Crotch Rocket I's new R1 Yamaha, which was retired. Among the other more notable crashers was Team Webster and RPM. The hour also saw a new leader as McGee Motorsports came up

Ernie Tacsik kicks the rear tire in place for Pulp Racing.

painful-to-watch double tire change, they were now up to 7th place, right behind Ride Lite Racing's TL1000 Suzuki.

At the mid-way point of the race, McGee's lead was up to 5 laps. Crotch Rocket II was still holding second and Pulp Racing were all the way up to third. G-Man was fourth ahead of Houston Kawasaki, S&J, and RPM. K&N were down in 39th after suffering a broken throttle cable.

McGee stopped for tires in the fifth hour which reduced their lead to just 3 laps ahead of a battle for second place that was really heating up between Crotch Rocket II, Pulp Racing,

and Houston Kawasaki, who were all on the same lap and charging hard.

The race really broke wide open in the sixth hour when it became apparent that the lead machine was slowing. McGee's Yamaha was beginning to overheat - forcing them into the pits at ever increasing intervals for coolant top-offs. It was

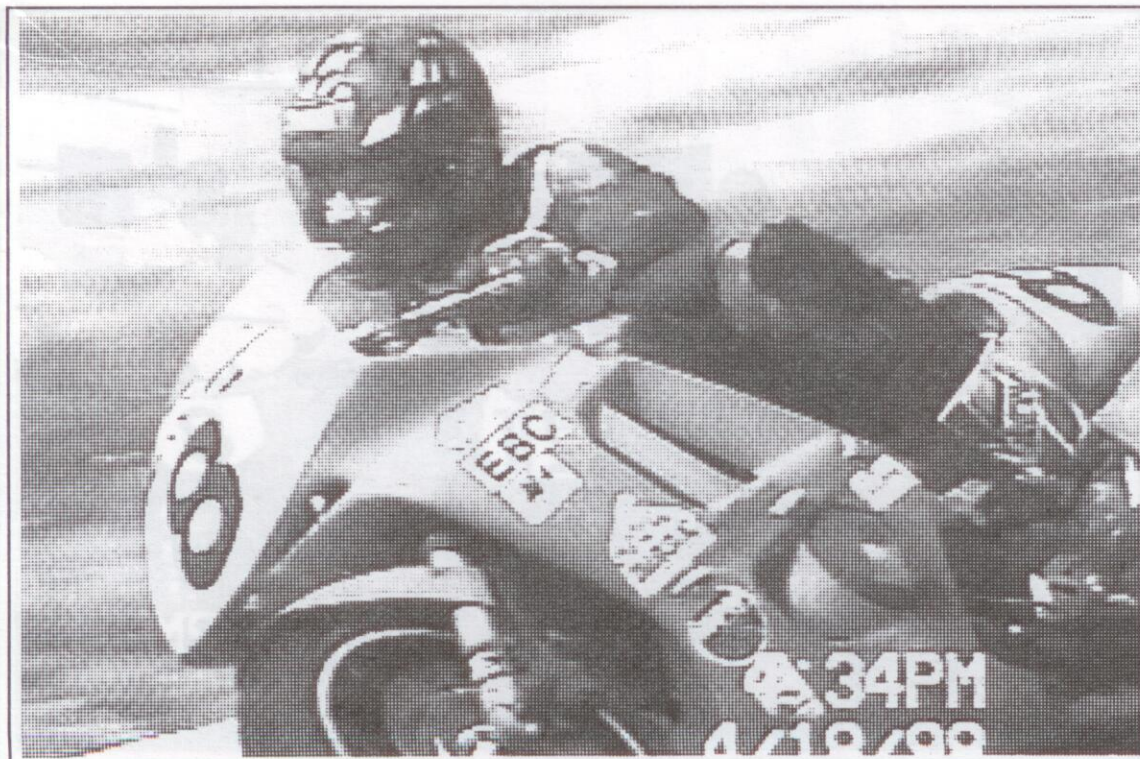

only a matter of time before a new leader emerged and on lap 250, G-Man took the overall lead for the first time. They led for four more laps before pitting, turning the lead over to Crotch Rocket II, who led the sixth hour results. McGee was still second but sinking fast. G-Man was third ahead of Houston Kawasaki and S&J. Pulp was back to 6th after

recovering from a crash, while RPM, Apex, D&S, and Double R rounded out the top 10.

In the seventh hour, Houston Kawasaki retired with what was presumed to be mechanical troubles and it became a 2 bike race between G-Man and Crotch Rocket II. G-Man's strength was in their consistency - Harry Tomlinson, Scott Dennis, and Mike Guillot were all very good, evenly matched riders. But Crotch Rocket had an ace in the hole - Ty Howard - easily one of the hottest riders in the region. Crotch Rocket pitted on lap 267 to put their ace on board

McGee was dominant in the middle stages, leading from lap 72 to 249.

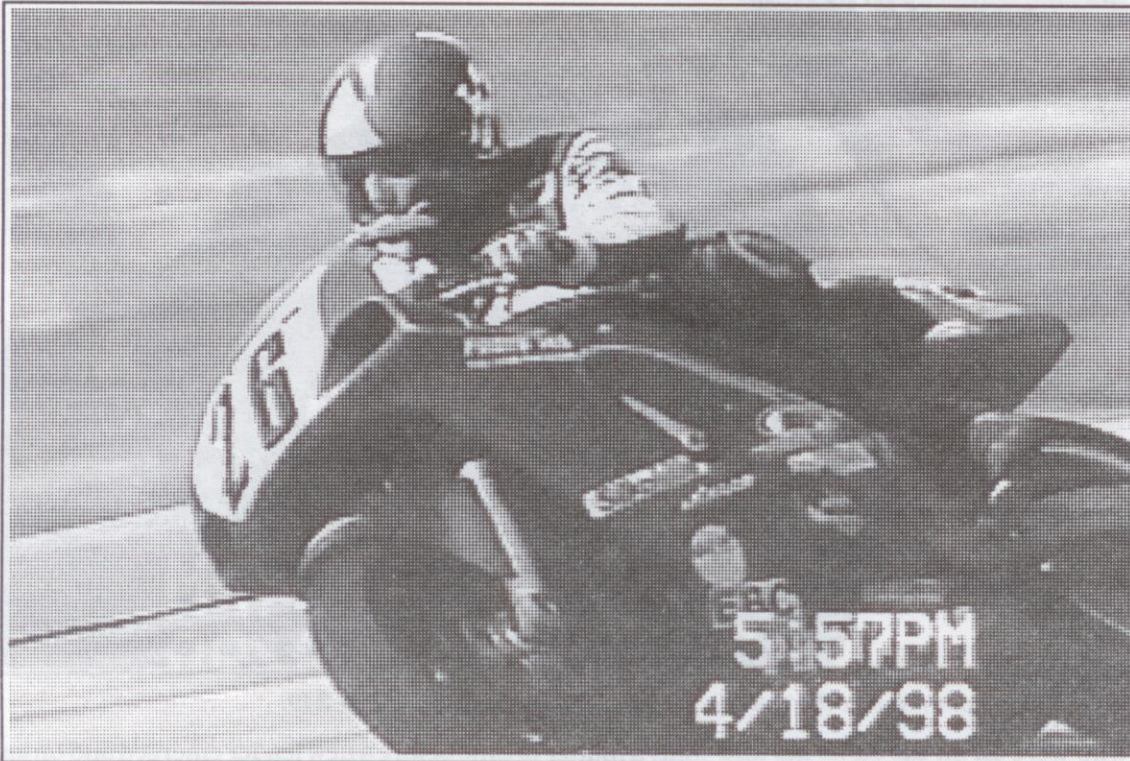

G-Man, shown with Scott Dennis, rode an excellent race for second overall.

CROTCH ROCKET...

Continued from Page 3

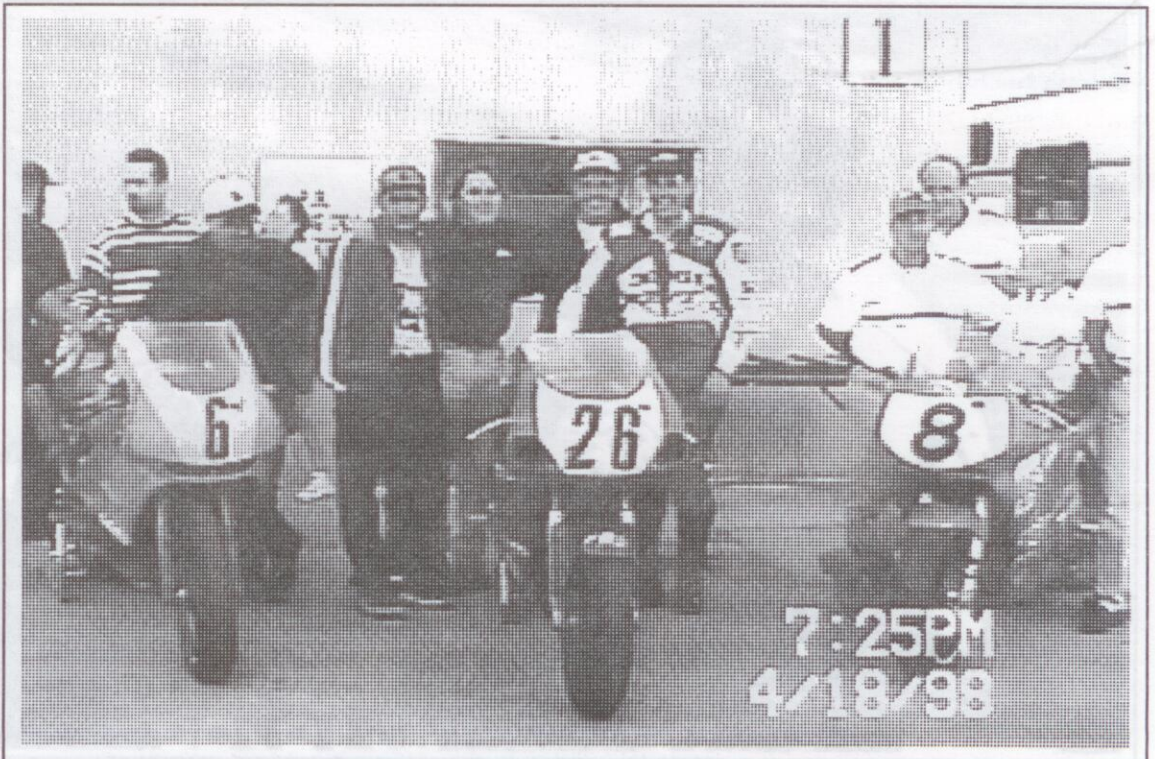

Ty Howard provided the winning margin for Crotch Rocket II

which allowed G-Man to re-take the lead. Ty Howard went into the full banzai mode, turning mid-1:13's as he tracked down and passed G-Man for the lead on lap 283. He continued to run hard, opening up a half lap lead at the end of the seventh hour as both teams made their final pit stops.

With only a 50 second lead, Crotch Rocket II put Dalton Hamilton on board for the final stint while G-Man counted on Harry Tomlinson. When it became apparent that the lead was shrinking, Crotch Rocket boss Alan Taylor did not hesitate to replace him with Rodney Smith, even though the extra stop shrunk the lead to less than 30 seconds. The move paid off when Rodney was able to hold the lead, and then slowly increase it. Which turned out to be a good thing when, with only

was second and the Null Set ran third.

In the winners circle from left to right - S&J, Crotch Rocket II, and G-Man.

five minutes left, their fuel light began to blink. With the lead now back out to 50 seconds, they were able to pit for a splash of fuel and still win the race.

G-Man came across solidly in second, while S&J rode into the winners circle with third place. RPM, who were down as far as 26th, continued their recovery and came up with 4th place ahead of Pulp Racing and Apex Power Sports. Ride Lite, Blockworks, FLS/No Homeless, and D&S rounded out the top ten. In Lightweight Superbike, Faltless once again dominated, finishing 12th overall, while Team Square Eyes

HOWARD, MARTINS, & KIRK DOUBLE AT TWS

Ty Howard, Rick Kirk, and Pete Martins all scored a pair of wins each as sprint racing resumed on another beautiful spring day at Texas World Speedway. Pete Martins took first place in A Superstock and Formula One while Ty Howard dominated the 600 classes with wins in C Superstock and C Superbike. Rick Kirk's wins came in B Superbike and in Open Superbike, where he once again the fastest man of the weekend at 1:09.25.

The day got off to a slow start when fog invaded the track, causing a 45 minute delay in opening practice. The gray stuff eventually burnt off

and the rest of the day could not have been better weather-wise. However, there was one unfortunate incident when Chris Newhouse crashed in front of Randy Robinette on the last lap of 125 GP. Both riders were transported to College Station with Randy suffering a suspected broken leg and Chris an apparent concussion. The program was delayed for over an hour awaiting the return of the ambulances. The rest of the day ran smoothly and everything finished up with daylight to spare.

The CMRA's tight schedule, with only three weeks before the next event at Oak Hill, has hampered us from writing up a full report, so we will once again have to refer you to our comprehensive results section for the rest of the story.

On Sunday, Pete Martins won A Superstock and Formula One.

CLUB NEWS

ITS OFFICIAL: As you may have heard, there is going to be a one hour 125 Sportsman GP Endurance race at Oak Hill on Saturday May 9th. Here are the basic rules: Teams may consist of 1 or 2 riders. One rider teams must take a mandatory green flag pit stop with a duration of at least 30 seconds. Endurance red flag, re-fueling, and crash rules apply except that you must take the checkered flag under power to be eligible to receive any of the purse. Entry fee is \$75, with \$25 going to supplement the purse. Use regular endurance forms to enter.

TROPHIES - The following riders have un-claimed trophies. If they want them brought to the next race at Oak Hill, they must call Claire McMahan at (210) 666-5001. Billy Click, Glen Massengill, Rick Kirk (3), James Gardner, Lane Smith, Wayne Moore, Randy Robinette, Mark Daniel, George Schroeder, Chris Rankin, Peter Pohlman, Doug Traylor, Ty Howard, Carroll Dase, Jesse Foltz, and Randy White.

CORNER WORKERS: If you are a Provisional Novice and would like to get rid of that yellow shirt, you need to work the corners. To do that, you need a reservation. Call Barry McMahan at (210) 666-5001.

ARM BANDS: Just a reminder that the arm bands must be worn at all times by everybody inside the race track,

including officials. You will not be registered or teched without an arm band.

PARKING: Paddock space is limited at Oak Hill, so please be considerate and try to take up as little room as possible. Do not infringe on the asphalt road between the gate and registration. Most importantly, Do not block the ambulance path or the area around the front gate. On Sunday morning, only vehicles carrying race bikes (not just gear) will be allowed into the facility. Everyone else needs to park across the street. Plan accordingly. If you arrive early, do not park on the highway. Pull off on the shoulder, especially if it is foggy.

NOVICE PRACTICE: Notice that Novice practice sessions at Oak Hill have been split by odd and even number plates instead of size (previously 0-500cc and 501cc up). This has been done to reduce the crowding in the big bike novice group. Experts will continue to be grouped by 0-600cc and 601cc up.

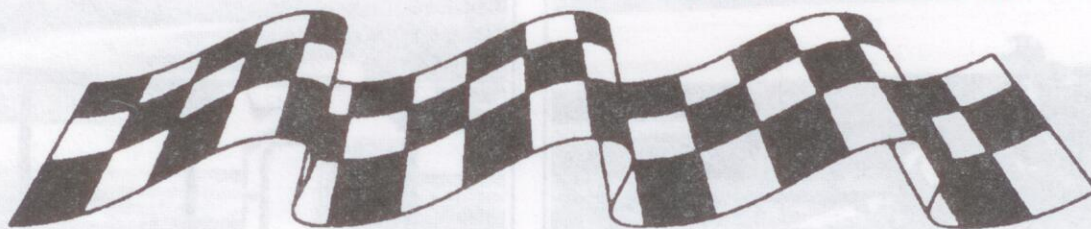

NOMINATIONS for the 1999 CMRA Board of Directors is now open, and will remain so through the last race day in July (the 19th), which is the cut-off date. To qualify, you must be, and have been, a paid up member in good standing of the CMRA for at least 6 months prior to the cut-off date. You may nominate yourself. All nominees must submit an acceptance letter to the CMRA, indicating their willingness to serve if elected. Acceptance letters must also be received by the cut-off date.

One last reminder: the PA System at CMRA events is usually simulcast on 88.1 or 88.3 on the FM dial.

**Sets
Starting
at \$375!!!**

THE CHAPLAIN'S CORNER

by Freddy Haltom #487
(915) 694-3806
RDHaltom@juno.com

At first, I saw God as my observer, my judge, keeping track of the things I did wrong, so as to know whether I merited heaven or hell when I die. He was out there sort of like a president. I recognized His picture when I saw it, but I really didn't know Him.

But later on, when I met Christ, it seemed as though life were rather like a bike ride, but it was a tandem bike, and I noticed that Christ was in the back helping me pedal. I don't know just when it was that He suggested we change places, but life has not been the same since.

When I had control, I knew the way, It was rather boring, but predictable..It was the shortest distance between two points. But when He took the lead, He knew delightful long cuts, up mountains, and through rocky places at breakneck speeds, it was all I could do to hang on! Even though it looked like madness, He said, "Pedal!" I worried and was anxious and asked, "Where are you taking me?" He laughed and didn't answer, and I started to learn to trust.

I forgot my boring life and entered into the adventure. And when I'd say, "I'm scared," He'd lean back and touch my hand. He took me to people with gifts that I needed, gifts of healing, acceptance and joy. They gave me gifts to take on my journey, my Lord's and mine. And we were off again. He said, "Give the gifts away; they're extra baggage, too much weight." So I did, to the people we met, and I found that in giving I received, and still our burden was light.

I did not trust Him, at first, in control of my life. I thought He'd wreck it; but He knows bike secrets, knows how to make it bend to take sharp corners, knows how to fly to shorten scary passages. And I am learning to shut up and pedal in the strangest places, and I'm beginning to enjoy the view and the cool breeze on my face with my delightful constant companion, Jesus Christ. And when I'm sure I just can't do any more, He just smiles and says.."Pedal"..
